PROMPT SHIPMENTS—GOOD CLEAN STOCK

Quotations are per 100 divisions of Field Grown Stock except where noted.

Ten at 100 rate.

SUITABLE FOR CUT FLOWERS

Our Stock is true to name, Dependable and Well Known Prices are Within Reason and Good Business Policy

FOR THE FLORIST

DAHLIAS FOR CUT FLOWERS

The Dahlia as a cut flower is becoming more popular every year, being in bloom and at its best when other flowers are on the wane.

We list only the best.

EXHIBITION DAHLIAS

We advise a few of these fine Dahlias planted in a conspicuous part of your garden. They will attract a lot of attention and promote more sales of cut flowers.

VIEWS OF OUR PLANT, SHOWING PROPAGATING AND BULB HOUSES.
ALL MODERN CONSTRUCTION.

*W. W. RAWSON—White shading amethyst. Splendid form and large size	.20	15.00

DAHLIA PLANTS FOR 1928

All plants will be shipped in Growell Peat Pots. Do not bind the roots. Roots grow into and thru the walls of the pot—free, unhampered, vigorous. Advances the flowering period 10 days to 2 weeks. Regulates temperature—nightly radiation of heat slow and uniform, doing away with chilling. No check in growing when transplanted, both pot and plant, planted in fields or beds without disturbing the roots.

Maintain correct moisture content by capillary attraction which keeps even balance of moisture in soil. No danger of over-watering or losing necessary water; absorbs as much as nine times their own weight in moisture.

Before planting you can dip these pots containing the plant in liquid manure. This is all the feed they need for thirty days to sixty days.

OUR GREEN PLANTS ARE

Not just ordinary rooted cuttings, but good strong plants, grown cool, well rooted, ready to grow right on, produce exhibition flowers and tubers free from disease. We have many repeat orders and our orders for them are increasing each year. Try them and be convinced.

Packed right to ship long distance and guaranteed to arrive in good condition.

All orders for less than \$5.00 add 50%.
